

Buzzz Off

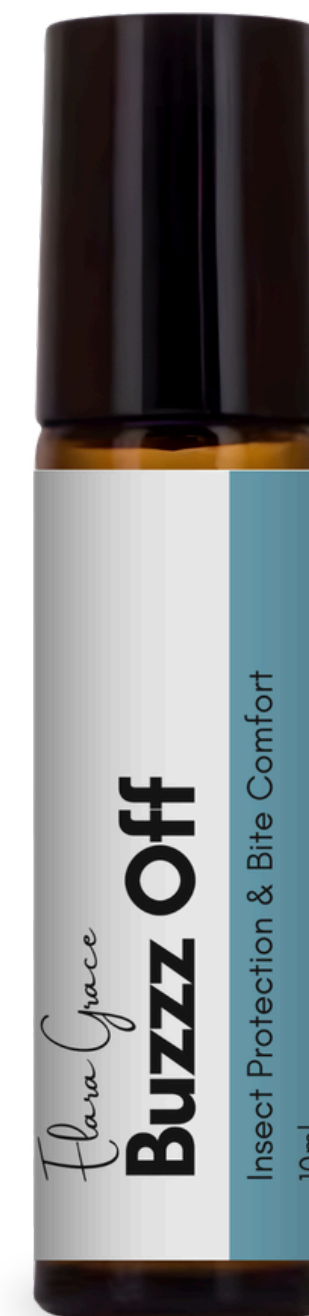

Insect Protection &
Bite Comfort

*Plant-based protection for confident,
everyday living.*

Who It's Designed For:

Buzzz Off is designed to support natural insect protection while helping to comfort and care for the skin if bites have already occurred. This blend offers reliable, plant-based support for:

- Outdoor activities and active lifestyles
- Warmer climates and seasonal exposure
- Travel, holidays, and time in nature
- Garden, home, and everyday environments
- Mosquito-prone areas

Buzzz Off
(Ages 6+ Years)

Nature's Comfort

This blend combines pure and organic essential oils traditionally valued for supporting natural insect protection while helping to soothe and comfort the skin after bites or irritation. It is designed to be effective while remaining gentle and suitable for regular use.

- Eucalyptus citriodora oil (*Eucalyptus citriodora*)
- Lavender oil (*Lavandula angustifolia*)
- Cedarwood oil (*Cedrus atlantica*)
- Vetiver oil (*Vetiveria zizanoides*)
- Frankincense oil (*Boswellia carterii*)

Jojoba oil (*Simmondsia chinensis*) is selected as a carrier for its excellent skin compatibility and gentle absorption. It supports the skin barrier, suits sensitive and delicate skin, and allows the essential oils to be delivered in a balanced and non-greasy way.

Why These Ingredients Are Chosen

Each ingredient is carefully selected to support natural insect protection while also helping to soothe and care for the skin after bites or irritation.

Eucalyptus citriodora

Traditionally valued for helping discourage mosquitoes and insects while remaining suitable for regular topical use.

Lavender

Supports skin comfort and helps calm irritation or sensitivity after bites.

Cedarwood

Known for its grounding and protective properties, helping create a natural barrier while remaining gentle on the skin.

Vetiver

Provides long-lasting support and helps strengthen the protective effect of the blend.

Frankincense

Supports healthy-looking skin and helps maintain balance and comfort.

01

Reliable, Plant-Based Insect Protection

04

05

Fresh, Natural and Effective

Designed to provide protection without harsh ingredients.

How to Use Buzzz Off: 6-12 Years

Application

Apply 1-2 rolls to the ankles, behind the knees, wrists, or other exposed areas as needed.

Frequency

Use before exposure. Reapply up to 2 times daily during warmer seasons or increased insect activity.

Best Moment

Use before school, outdoor play, travel, sports, or time spent in environments where insects may be present.

How to Use Buzzz Off: Teens & Adults

Application

Apply 1-2 rolls to the ankles, behind the knees, wrists, or other exposed areas as needed.

Frequency

Use before exposure. Reapply up to 2-3 times daily during warmer seasons, travel, or increased insect activity.

Best Moment

Use before outdoor activities, time in nature, travel, holidays, gardening, or environments where insect protection is needed.

Safety & Precautions

- Buzzz Off is intended for children aged 6 years and older, as well as teens and adults. Always confirm the user's age before recommending.
- For external use only. Do not ingest. Avoid contact with the eyes, face, and nose.
- Apply only to recommended areas. Avoid the hands and areas that may come into contact with the mouth, especially for younger users.
- Patch testing is recommended before first use, particularly for sensitive or reactive skin.
- Discontinue use if any irritation or discomfort occurs.
- Clients who are pregnant, breastfeeding, or managing underlying health concerns should seek professional guidance before use.
- Store in a cool, dry place and keep out of reach of young children.
- For babies and young children under 6 years, use Little Bug Guard instead.
