Calm & Protect

Soothing Baby Balm

Delicate skin
can sometimes
need more
than daily
moisture.

Dry patches, irritation, and environmental exposure can leave the skin feeling uncomfortable, especially in areas that are more sensitive or frequently exposed.

At these moments, the skin needs added support – something that helps protect while still allowing it to remain balanced and comfortable.

Calm & Protect is designed to provide that extra layer of care, helping support delicate skin when it needs it most.

What is Calm & Protect?

Calm & Protect is a soothing baby balm created to protect delicate skin while supporting its natural barrier.

It helps reduce moisture loss by forming a soft, breathable layer on the skin, while also helping to calm and support areas that may feel dry or sensitive.

The balm melts easily into the skin, allowing it to spread smoothly without feeling heavy or overly greasy.

Designed for daily use or targeted areas, it helps keep skin comfortable, supported, and protected throughout the day.

Suitable from birth, it is ideal for dry, sensitive, and eczema-prone skin.

Designed for the smallest ones.

Delicate Skin

Supporting comfort, balance, and care from the very beginning.

Dryness-Prone Skin

Specifically formulated for skin that loses moisture easily.

Newborns & Up

Gentle enough to be suitable from birth.

Ingredients Designed for Gentle Cleansing

Calm & Protect combines nourishing oils, protective waxes, and skin-supporting ingredients to help protect delicate skin while maintaining comfort and balance.

- Shea Butter
- Sunflower Oil
- Squalane
- Beeswax
- Colloidal Oatmeal
- Rooibos Extract
- Bisabolol
- Vitamin E

Why Parents Love It

- Helps protect and support dry or sensitive areas
- Forms a soft, breathable layer on the skin
- Keeps skin comfortable without feeling heavy
- Melts easily and spreads smoothly
- Suitable from birth
- Supports delicate and eczema-prone skin
- No essential oils
- Soft, clean scent that is not overpowering

How to use

1: Prep

Apply to clean,
perfectly dry
skin.

2: Apply

Gently massage the
balm until fully
absorbed.

3: Maintain

Use daily or as
needed, especially
on dry or sensitive
areas

Safety & Storage Protocols

Guidelines for Use

- ✓ Suitable from birth.
