

Miracle Pain Away

Botanical Comfort &
Recovery Oil

Supporting comfort & recovery.

Who It's Designed For:

Miracle Pain Away is designed to support physical comfort, mobility, and recovery for everyday life. This blend helps ease tension, encourage circulation, and support the body during periods of physical strain or discomfort. It offers natural support for:

- Muscle tension and physical strain
- Joint stiffness and reduced mobility
- Sports and activity-related discomfort
- Recovery after exercise or physical work
- General aches linked to daily movement
- Teens and adults needing reliable, plant-based support

Miracle Pain Away
(Ages 6+ Years)

Nature's Comfort

This blend combines pure and organic essential oils traditionally valued for supporting comfort, circulation, and recovery. It helps ease muscle tension, encourage mobility, and support the body during periods of physical strain.

- Cypress oil (*Cupressus sempervirens*)
- Clary Sage oil (*Salvia sclarea*)
- Helichrysum oil (*Helichrysum italicum*)
- Frankincense oil (*Boswellia carterii*)
- Rosemary oil (*Rosmarinus officinalis*)
- Clove oil (*Syzygium aromaticum*)

MCT oil (Medium Chain Triglycerides) is selected as a lightweight carrier for its smooth absorption and ability to support the delivery of essential oils without leaving a heavy or greasy feel on the skin.

Why These Ingredients Are Chosen

Each ingredient is selected to support physical comfort, encourage circulation, and help the body recover from everyday strain and tension.

Cypress

Traditionally valued for supporting circulation and helping ease muscular tension and heaviness.

Clary Sage

Helps support relaxation and comfort in tight or overworked muscles.

Helichrysum

Traditionally used to support soft tissue recovery and overall skin and muscle comfort.

Frankincense

Supports mobility and helps ease stiffness in joints and connective tissue.

Rosemary

Encourages circulation and helps support relief from muscular fatigue and tension.

Clove

Provides warming comfort and helps soothe areas of physical discomfort.

Why You Will Love It

01

Targeted Physical Comfort

Supports relief from everyday aches and muscular tension.

Encourages Mobility and Movement

Helps support flexibility and ease of movement.

02

03

Supports Recovery

Ideal after exercise, physical work, or active lifestyles.

Warming and Comforting

Provides soothing, warming support without harsh ingredients.

04

05

Reliable Everyday Support

Designed for regular use as part of an active, natural lifestyle.

How to Use Miracle Pain Away: 6-12 Years

Application

Apply a few drops to the affected area and gently massage into the skin. Suitable areas include muscles, joints, and areas of physical tension.

Frequency

Use up to 2 times daily, or as needed during periods of discomfort or physical strain.

Best Moment

Use after physical activity, sport, or when areas of tension or stiffness are noticed.

How to Use Miracle Pain Away: Teens & Adults

Application

Apply a few drops to the affected area and gently massage into the skin. This may include muscles, joints, the neck, shoulders, back, or other areas of physical tension.

Frequency

Use up to 2-3 times daily, or as needed during periods of discomfort, physical strain, or recovery.

Best Moment

Use after exercise, physical work, long days, or when movement and comfort need extra support.

Safety & Precautions

- Miracle Pain Away is intended for children aged 6 years and older, as well as teens and adults. Always confirm the user's age before recommending.
- For external use only. Do not ingest. Avoid contact with the eyes, face, and sensitive areas.
- Apply only to recommended areas. Do not use on broken or irritated skin.
- Patch testing is recommended before first use, especially for sensitive or reactive skin.
- Discontinue use if any irritation or discomfort occurs.
- Clients who are pregnant, breastfeeding, or managing underlying health concerns should seek professional guidance before use.
- Store in a cool, dry place and keep out of reach of young children.
